Starting and Staying.

At the start in a long race, the advantage often appears to be with an outsider. But the race is won not in starting but in staying. The quality which wins is staying power. It is so in the race of life. Staying power wins, and as a rule the best stayer is the man with the best stomach. All physical strength is derived from food which is properly digested and assimilated. When the food eaten is only partly digested and assimilated, there is a loss of nutrition which means a loss of strength and the general result is physical break-down.

Dr. Pierce's Golden Medical Discovery gives strength and staying power, because it cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of the food eaten, and so strengthens the body naturally by the nutrition derived from food.

"I was troubled with indigestion for about two years," writes Wm. Bowker, Esq., of Joliet, Ill. "I tried different doctors, but no remedy was found. I wrote to you and you told me what to do. I suffered with a pain in my stomach and left side and thought that I was going to die. I used to write this and you know that I am all right. I can do my work without pain and I don't have that tired feeling that I used to have. Five bottles of Dr. Pierce's Golden Medical Discovery and two vials of Dr. Pierce's 'Pleasant Pellets' cured me."

Accept no substitute for Golden Medical Discovery. There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pellets are easy and pleasant to take. A most effective laxative.

NEW STEAMER SIBERIA.

—The new steamship Siberia sailed from New York yesterday on her first voyage. She will go to San Francisco with a general cargo, and later will ply between that port and China and the Philippines. The official prospectus describing the new vessel declares that "particular attention has been given in designing this ship to incorporate therein everything that might be conducive to the comfort of passengers."

Four opium smoking-rooms or "dens" constitute the most marked feature of the accommodations for the Chinese passengers. The Siberia is possibly the first ship that ever went to sea from New York fitted up with opium "dens" for the use of passengers. The four "dens" are way aft, between the port and starboard alleyways, just forward of the steam steering gear. They are about ten or twelve feet square and fitted up with a triple pier of narrow bunks on each of their four sides. In explanation of this an officer of the vessel said: "You can't keep the swine from smoking, and if you let 'em smoke in their berths they will stink up the ship till there's no living in it. If you forbid smoking in their sleeping quarters and set a quartermaster to watch to see that the order is obeyed, they will sneak down where the cargo is stowed or some other place where they are likely to set the ship afire." Mr. Chas. W. Sullivan, of Alexandria, is a machinist on the Siberia.

TRouble AT MARSEILLES.—The first collision between the strikers and the police of Marseilles, France, occurred yesterday, and, as a result, several persons on both sides, including a commissary of police, were injured.

The clash was the outcome of an attempt on the part of the strikers to destroy the track in front of a car loaded with coal, which was being sent to the port. The gendarmes charged the crowd and made fifteen arrests. The remainder of the strikers were dispersed. Cordons of troops now guard all approaches to the port and disperse all assemblages. A strong force of soldiers and police occupy the streets surrounding the Bourse de Travail, the headquarters of the strikers. When a detachment of cavalry approached the bourse with drawn sabers, they were met by a storm of hooting, but no resistance was made. The journeymen butchers and bakers have joined the strikers. In order to prevent a bread famine, the authorities have requisitioned the services of all the bakers in the Fifteenth Army Corps. The city is quiet, but it is strongly patrolled by the militia. The strikers are greatly exasperated, and their cry is "long live social revolution and the elevation of the proletariat by means of a general strike."

NEGRO ATTACKED GIRLS.

—Three girls were assaulted evidently by the same negro, between 7 and 8 o'clock last evening, on the street near Fifteenth and V streets northwest Washington. He was described as a colored lad, perhaps fifteen years of age. The police are looking for the miscreant, and picked up several colored boys last night, to be shown to one of the girls assaulted. She, however, failed to recognize any of the suspects as her assailant. Margaret Corcoran, a sixteen-year-old girl, reported that while walking near the streets mentioned, a colored boy jumped out and struck her over the left temple with his fist, and ran. She was alone and on the way to church. A Maggie Rowe was also assaulted a few minutes later by a negro who snatched from her a pocket-book containing about \$4. A companion with her, Bessie Cole, says that her umbrella was taken from her hand by a negro, and she was struck across the back with it.

MURDERED AN OLD MAN.

—Fire in the farm house of Mrs. Seadoc Miller, near Ballston, N. Y., yesterday disclosed what is believed to be a murder, following an attempt at robbery. Mrs. Miller and her son were away from home when the fire occurred, and neighbors who attempted to put the fire out found in one of the rooms the dead body of an old man who had boarded with the Millers. The head and hands were burned, and there were five wounds on the head, apparently inflicted with an axe. The body was lowered to the ground just as the roof fell in. Examination indicated that the old man had fought his assailant or assailants. It is believed that the house was broken into with the purpose of robbery, the old man killed, and the place set on fire to conceal the crime.

KILLED BY WALL PAPER.

—W. W. Leach of the District Court of East Hampton, Mass., is dead. His death was due to a disease of the kidneys caused by arsenic poisoning, the result of living in rooms the paper of which was highly impregnated with arsenic. A chemist, who examined the paper, says: "It was soaked with the poison, and the dust falling off its surface, if inhaled by

NO MORE FREE DELIVERY ROUTES.

Representative Swanson, of Virginia, member of the committee on postoffice and postroads, said yesterday that no more rural free delivery routes could be laid out in Virginia until there had been additional appropriations therefor. All the funds available have been exhausted except what is necessary to maintain and operate the routes already established. It is expected that an appropriation of \$500,000 may be made for this work on an urgent deficiency appropriation. If that is done more routes can be established at an early date. Otherwise there can be no more new routes until after July next.

A NEW REMEDY.

The old friends of Chamberlain's Cough Remedy will be pleased to know that the manufacturers of that preparation have gotten out a new remedy called Chamberlain's Stomach and Liver Tablets, and that it is meeting with much success in the treatment of constipation, biliousness, sick headache, impaired digestion and like disorders. These Tablets are easier to take and more pleasant in effect than pills, then they not only move the bowels, but improve the appetite and correct any disorders of the stomach and liver. For sale by Richard Gibbons, druggist.

AVOID A COLD WAVE.

The forecast of sudden changes in the weather serves notice that a horse voice and a heavy enough may invade the sanctity of health in your own home. Cautious people have taken Chamberlain's Cough Cure all year around. E. H. Wise, Madison, Ga., writes: "I am indebted to One Minute Cough Cure for my present good health, and I probably never had it. I cured Coughs, Colds, Grippe, Bronchitis, Pneumonia and all Throat and Lung troubles. One Minute Cough Cure cuts the phlegm, draws out the inflammation, heals and soothes the mucous membranes and strengthens the lungs. E. S. Leatherbeater & Sons.
